LOCAL ENGAGEMENT, GLOBAL RESULTS

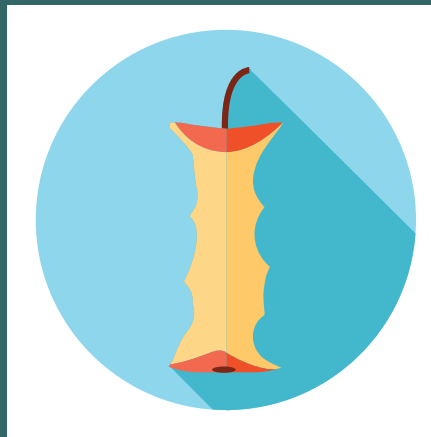

Take Action on United Nations Day!

Wednesday, October 24, 2018 | 6 PM - 9 PM
College Avenue Student Center (126 College Avenue, New Brunswick, NJ)

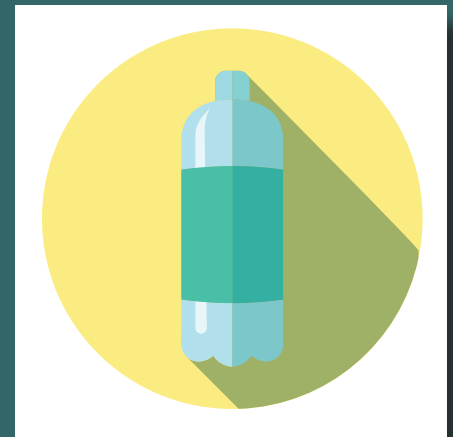

Dinner is included in the program | Register at bit.ly/UnitedNationsDay

ENERGY

FOOD WASTE/FOOD SECURITY

PLASTICS

Rutgers University is commemorating this year's United Nations Day (October 24, 2018) by staging an interactive program that helps establish linkages between sustainability projects on our campuses and within our communities in alignment with the UN's Global Goals.

Speakers will present how students can get involved in New Brunswick, Newark, and Camden by participating in sustainability efforts.

Student organizations and leaders will have the opportunity to share information about their own projects and participate in breakout discussions on energy, food waste/food security, plastics, and a "wild card" category.
